

PRODUCT/SERVICE

The Contractor shall provide the DOE with access to proprietary on-line information retrieval services.

Products and Services. All cases carry the unique Core Terms immediately upon publication. The LexisNexis online services include access to the following legal resources: United States Code Service, CFR with images-daily updated, Federal Register, Statutes of all 50 states, Advance Legislative Service for each jurisdiction (federal & state), Regulations and administrative documents for all federal, selected state, and a limited number of local jurisdictions, and Federal and state agency decisions. LexisNexis provides *exclusive* access to *Shepard's*[®], the industry standard in case history and citation validation service. In addition to the complete access to LexisNexis legal databases, this award provides the DOE participating organizations with full access to the LexisNexis news collection, which includes over 14,500 news sources and full-text information sources from U.S. and overseas newspapers, magazines, journals, newsletters, wire services, and broadcast transcripts with some coverage even before 1960. This collection also includes news and business abstracts and country information from thousands of information sources. Financial content includes Company profiles and reports from Directory of Corporate Affiliations, infoUSA and other reputable vendors, Dun & Bradstreet[®] and Experian business credit reports, Executive affiliation database and principals database, Financial analyst/brokerage house reports, including industry and company forecasts from Intext[®], Nelson, Multex Reports, etc

SmartLinx[™] is an easy-to-use solution for fraud prevention; identify authentication, and asset recovery. SmartLinx makes logical connections between approximately 2 billion public records available via Lexis Nexis, and delivers comprehensive summary reports to the DOE user in seconds. Using new and sophisticated matching and linking technology that provides current and comprehensive results, SmartLinx provides the ability to establish connections between people, businesses, locations and assets that would otherwise require hours or days to cross-reference using traditional methods. A single public records search request through the SmartLinx provides a comprehensive and accurate summary report. SmartLinx[™] Person Location, and Business Reports provides instantaneous vital links between entities such as a person's, company's, or organization's name; a license or registration number; an address, zip code, or telephone number to give you access to other public records where that entity is also mentioned.

Some of the features and functionalities offered via the LexisNexis service include: *Search Advisor, Electronic Table of Contents, LexisNexis Alert, Case Summaries, LexisNexis headnotes, FOCUS, Customizable Area of Law by Topic or Jurisdiction, Federal Practitioner's Toolbox, Copy with Cite, Research Task Pages, Shepard's Alert, and Combined Search.* Additionally, selected offices from DOE have access to our premium material such as BNA, Matthew Bender and Dun & Bradstreet.

Also, with this limited ELA Plan, DOE participating organizations will have unlimited

access to the Lexis Nexis Customer Support Organization, which prioritizes technical assistance and support concerning research strategies, database structures, and software usage. Customer support is available to answer any question related to the use of LexisNexis - 24 hours a day, 7 days a week, toll-free, in the United States and internationally.
