**SUMMARY:** On August 28, 2007, the Department issued revised Contractor Requirements Document (CRD), to the following:

DOE O 410.1, Central Technical Authority Responsibilities Regarding  
Nuclear Safety Requirements,

DOE O 475.2, Identifying Classified Information,

Under the Department's Directive Program (DOE Order 251.1B), Heads of Field Elements are responsible for determining which contracts are to include this CRD. Contracting Officers, once notified, are responsible for incorporating the CRD into affected contracts. Since some Heads of Field Elements may not be aware that this change has been issued, Contracting Officers should request their determination of which, if any, contracts are affected and remind them that they may sign up for automated notification at [www.directives.doe.gov](http://www.directives.doe.gov).
